Joint Symposium 2
Cardiovascular Committee / American Society of Nuclear Cardiology (ASNC)
Accessible on-demand at any time

Session Title
PET-MPI vs. SPECT-MPI - Is it Worth the Price?

Chairperson
Carmela Nappi (Naples, Italy)

Programme
22 min Parthiban Arumugam (Manchester, United Kingdom): On Stable Chest Pain?
21 min Carmela Nappi (Naples, Italy): For Detecting Microvessel Disease
22 min Randall C. Thompson (Kansas City, United States of America / ASNC): For Guiding Coronary Revascularisation
22 min Sharmila Dorbala (Boston, United States of America / ASNC): In Inflammatory and Infiltrative Diseases
3 min Session Summary by Chairperson

Educational Objectives
1. To provide updates on the role of PET-MPI and SPECT-MPI in coronary artery disease diagnosis
2. To provide updates on the role of PET-MPI and SPECT-MPI in coronary artery disease treatment choosing
3. To provide updates on the role of PET-MPI and SPECT-MPI on inflammatory and infiltrative disease evaluation

Summary
The session “PET-MPI vs. SPECT-MPI - Is it Worth the Price?” will summarize pros and cons of both methods in the evaluation of coronary artery disease, inflammatory and infiltrative diseases with cardiac involvement.
An overview regarding the potential of each method in diagnosis and in guiding therapeutic approaches will be addressed.

Key Words
PET-MPI; SPECT-MPI, Cardiovascular imaging
